

FUOSEIGHA OYINMIEBI DARWIN

PROFESSIONAL SUMMARY	Career driven Full Stack Developer with 3 years of freelancing practice experience, specializing in scalable web applications and cross platfrom mobile development. A solution addict dedicated to building modern, effective and scalable applications that delivers exceptional user experience.
KEY PROJECTS	Nexo - Multi Vendor Marketplace Platform (Founder & Lead Developer) Designed and built a production grade Nigerian multi vendor marketplace from the ground up, spanning 18 Django apps and 40+ database models. Implemented Flutterwave powered split payments so sellers are paid directly, a tiered commission engine, category integrity and fraud detection with progressive banning, a full dispute resolution pipeline, and a custom token based referral economy. Solely responsible for backend architecture, API design, and system logic end to end. Snatched Africa - Wellness & Fitness Mobile App (CTO & Lead Developer) Built a Flutter based wellness app for African women, from product requirements through to Google Play submission, alongside a non technical co founder. Delivered a food scanner covering 80+ local African foods, tiered subscription billing via Paystack and Google Play Billing, streak and progress tracking systems, and a companion React marketing website.
PERSONAL DATA	Marital Status: Single Nationality: Nigerian Religion: Christianity
TECHNICAL SKILLS & COMPETENCIES	Core Languages Python - Complex backend development, AI Integration, APIs and Data Processing. Javascript - Dynamic frontend functionality and server side development. HTML5 - Semantic markup and modern web standards. CSS3 - Responsive designs, animations and advanced styling. Python Libraries and Frameworks Django - Full featured web framework for robust applications. Flask - Lightweight framework for rapid API development. Selenium - Browser automation and testing. Beautiful Soup - Web scraping and data extraction. JavaScript Frameworks React.Js - Component based frontend architecture and SPA development. Node.Js - Server Side Javascript for backend Services and APIs. Next.js - Full-stack framework build ontop React.js Mobile Development Flutter/Dart - Cross platform native apps for Android, IOS, and web all from a single codebase.
EDUCATIONAL BACKGROUND & TECHNICAL CERTIFICATIONS	TECHNICAL CERTIFICATIONS UDEMY PLATFORM 2024 Full Stack Web Development - Python, Javascript, Frameworks. Mobile App Development - Flutter cross platform development. Programming - Backend system and AI integration. Modern Javascript frameworks - React.js, Node.js, Next.js, Typescript. WEST AFRICA SENIOR SCHOOL CERTIFICATE EXAMINATION (WASSCE) Community Secondary School Sabagreia Bayelsa State, Nigeria 2011 - 2017
CORE STRENGTHS	PROBLEM SOLVING MINDSET - Natural troubleshooter with systematic debugging approach. DESIGN PRECISION/ATTENTION - Carpentry background ensures pixel perfect and detailed oriented development. SCALABLE FOCUSED - Building applications designed to grow with business needs. CROSS PLATFORM EXPERTISE - Delivering consistent experience across web and mobile platforms. CAREER DRIVEN - Continuously expanding technical expertise and staying updated with current industry trends and best practices.
HOBBIES & INTEREST	CRAFTMANSHIP - Woodworking and furniture making. TECHNOLOGY INNOVATION - Exploring emerging frameworks and development tools in line with industry standards. MOBILE TECHNOLOGY - Following latest and industry trends in App. Development and user experience.
